Veterans Day at PKMS

3 generations celebrated together at PKMS.

Mrs. Williams, her daughter Emily, and her father Mr. Vonhoff. Thank you to all the veterans who came to share their stories with our students. More pictures are included later in this edition.

Dr. Haug's Message

December is here and you know what that means...Quarter 2 is almost over at Prairie Knolls Middle School. It is hard to believe that our first semester is nearly completed and that in a couple of weeks we will be leaving for Winter Break. Our students have come a long way during the past few months. We have all had many adjustments to make as we rejoined school routines and I am proud of the efforts of students and the work done by staff to challenge students to grow academically and socially.

With the end of the Quarter coming in the next two weeks, students need to maintain their focus in classes, to fully complete their assignments, and to ask for help from their teachers when they are struggling. We have definitely seen some improvements in these academic behaviors by our students, but we have room for improvement so this is no time to "take the foot off the gas"!

Our athletic teams have been very successful over the past semester; Boy's Cross Country took 3rd in the Conference, Girl's Cross Country took 1st in Conference for the 5th year in a row, Football brought home its first Conference Championship, Volleyball took 2nd Place in the Conference, and our Boys' Basketball team is on its way to an undefeated regular season as it moves into the conference tournament. We wish Cheer good luck as they are about to enter their competitive season

We have also been able to have clubs in place to give students opportunities to become engaged in PKMS life beyond the classroom. Student Council, Student Ambassadors, Yearbook, Chess Club and S.T.A.R. are all opportunities for our students to get involved in meaningful ways here at school.

Currently, our PKMS Student Council is taking the lead in our "Toys For Tots" campaign to bring new toys to underprivileged children in Kane County. This is going to be a short-term, but high intensity drive in which we hope to fill three "Toys For Tots" boxes before Wednesday, December 8th. Students can bring new and unwrapped toys to the boxes in the front foyer on their way into the building each morning. Come on, PKMS community, let's get behind our Student Council and make this a memorable season for boys and girls in our county.

Lastly, I want to thank our families for contributing to an orderly drop-off and pick-up system for our car riders. We have a lot more car riders than we have ever had, and traffic can be frustrating. Your patience and willingness to pull all the way around our front circle helps get the traffic off Nesler and keeps the line moving. For those families who pick up their children in the back of the school, please be respectful of our neighbors by not blocking their driveways as you wait for your children to come out of school. PKMS has always prided itself on being a good neighbor to the homes near us; please help us keep up our good reputation.

All of us at Prairie Knolls wish you the best this Holiday Season. Finish Strong, Falcons!!

Assistant Principal Mrs. Ahlstedt's Corner

It is hard to believe that we are almost to the end of the first semester! Now is a good time to take a moment and review some of the important tools available to parents to help keep students organized and on track. If you have any questions about the topics below, please feel free to reach out to one of your child's teachers or to me in Student Services.

~ Carrie Ahlstedt, AP of Student Services

*How do I check my child's grades in Skyward?

Once you've logged in to Skyward, select a student using the dropdown arrow (see right).

Then, click on Gradebook in the bar on the left (see below).

*How do I see if my child is missing work?

Once you've logged in to Skyward, select a student. Then, click on Gradebook (on the left). Once in the gradebook, up on the top of the screen it will tell you if your child is missing work. (See below). You can then click on "show all" for a list of the assignments.

***Did you know you can set up an auto email for progress reports from Skyward?**

Once you've logged in, click on "My Account" in the top right. Then, complete the section shown below:

Email Notifications

Receive Daily Attendance Notifications for my student(s) by
 Email Wall Message Email and Wall Message

Receive Progress Report Emails for my student(s)
 Daily Weekly (every Saturday) Monthly (1st of each month)

***Now that I know what my child is missing, where do I find the actual assignment?**

In Skyward, if you click on the assignment, it will take you to an assignment detail pop up screen (see below). Most assignments are housed in Canvas. In the example below, you can see "Imported from Canvas:" and then a web address. If you/your child copies the link into their browser it will take them directly to the assignment. (It will prompt you to sign into Canvas.)

***How can I see my child's Canvas?**

Canvas allows parents to access their own student's account. Depending on the platform that parents use (website vs. app), they can see different things.

Please see <https://canvas.central301.net/parent-account-options> for further information as well as details on how to sign up. Struggling to find the access code for your student? Click [here!](#)

Parent App Access

Parent Website Access

This app is installed on a mobile device from the app store.

Website view mimics the experience that your child sees in their account when accessing it on their Chromebook. Each course is visible on the Dashboard.

Parents (Observers) can view:

- Courses
- Syllabus
- Events & Assignments (items with due dates)
 - By week
 - By course
- Calendar (by week)

Parents (Observers) can view:

- Courses
- Calendar
- Assignments
- Modules (units)
- Information pages (including links and resources)
- Other Navigation Links if allowed by the course teacher.

***Many teachers include resources on Pages. These are accessible through the website, but not the app.**

Just like the access levels are different in the app vs. the website, the view looks a little different too.

Click here to get started: <https://canvas.central301.net/parent-account-options>

News from the Nurse

Cold and Flu Season is upon us!

Here are some tips from the CDC for preventing the spread of illness.

1. Avoid close contact.

Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too.

2. Stay home when you are sick.

If possible, stay home from work, school, and errands when you are sick. This will help prevent spreading your illness to others.

3. Cover your mouth and nose.

Cover your mouth and nose with a tissue when coughing or sneezing. It may prevent those around you from getting sick. Flu viruses spread mainly by droplets made when people with flu cough, sneeze or talk.

4. Clean your hands.

Washing your hands often will help protect you from germs. If soap and water are not available, use an alcohol-based hand rub.

5. Avoid touching your eyes, nose, or mouth.

Germs can be spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

6. Practice other good health habits.

Clean and disinfect frequently touched surfaces at home, work, or school, especially when someone is ill. Get plenty of sleep, be physically active, manage your stress, drink plenty of fluids, and eat nutritious food.

General News

Disposal of Records

Central Community Unit School District 301 will destroy student temporary records from the graduating class of 2016. If a parent or student wants those records, they should call the Central High School Registrar's office at 847-464-6034 prior to Dec. 17, 2021.

1st Quarter Recognition and Honor Roll

Each quarter PKMS is proud to present Recognition Awards and Honor Roll Certificates to our students. Quarter Recognition Awards are chosen and voted on by our teacher teams. The first Recognition Breakfast of the year was held on October 28th, students earning recognition awards were honored. Honor Roll certificates were given out to students during their Task classes. Congratulations to all!

Contact Information

Below are individuals that you can contact if you have any questions:

Dr. Matthew Haug, Principal (matthew.haug@central301.net)

Mrs. Carrie Ahlstedt, Assistant Principal (carrie.ahlstedt@central301.net)

Mr. Matthew Newquist, Assistant Principal (matt.newquist@central301.net)

Mr. Brody Hamel, Athletic Director (brody.hamel@central301.net)

Mr. Charles Brooks, School Social Worker (charles.brooks@central301.net)

Mrs. Rose Simpson, School Social Worker (rose.simpson@central301.net)

Mrs. Lauren Sak, School Nurse (lauren.sak@central301.net)

6th Grade Team News

ELA - Q2 is coming to a close with students starting our third unit, Change. 6th graders will be exercising their compare/contrast skills by writing about similarities and differences between a written text and a video version. After winter break, we will dive into our next whole class read, *Touching Spirit Bear* by Ben Mikaelson. While focusing primarily on fiction, students will practice figurative language, connotation/denotation, and tone in this unit. Keep up the hard work in ELA, 6th graders. You have done an amazing job so far!

Math - Math is wrapping up Quarter 2 with our fourth unit - Equations and Inequalities. In this unit we focused on using a formula to solve an equation, using an inequality to compare 2 quantities, and solving one-step equations. We will be starting the new year with our fifth unit on Ratios.

SS - Social studies has been learning about the Golden Age of Athens. Students examined what advancements were made in Greek society and the legacies of those days that continue today! We will be studying Alexander the Great, and students will determine if his actions and philosophy truly made him an effective leader. As we wrap up our Greece unit, we will be preparing for our unit test when we return from break in January.

Sci - The rock version of “Why did the chicken cross the road?” would be “Why did the rock cross the ocean floor?” Well, that is a great question and Science students are learning quite a bit about where, why, and how rocks move all over our Earth. Ask your student how the ocean floor is recycled and then reborn, the concept of Pangea and if it can ever happen again, or how the metamorphic rock countertops in your kitchen were originally formed. You might be surprised at how much rocks actually move on Earth because here at PK we never take anything for “granite.” Enjoy the holidays!

7th Grade Team News

ELA: We started our Responsibility Unit before Thanksgiving. We began by reading a story about the consequences (both good and bad) of choices we make. After the break, the writing continues! We were so proud of the argument papers students submitted in November; they should be very proud of their accomplishments as well. Our next piece of writing will be a narrative and we can't wait to read their stories! During the month of December, we will begin practicing dialogue as well as reviewing components of a narrative to help them with this piece. Following that, Eleanor Roosevelt takes center stage as we learn about the passion she had towards social responsibility not just here in the US, but also as an ambassador for the world. Students will then be researching individuals &/or companies who have changed the world for the better by showing social responsibility. Our next read aloud, Refugee, by Alan Gratz, highlights three different characters from three different countries and shows how their lives are woven together by chance. Mr. Gratz is a very descriptive and talented writer of which many students enjoy checking out his various novels from the classrooms or the LMC.

SS: In December, students in Social Studies will be finishing their study of the Revolutionary War. This will be complete by Winter Break. We'll also finish our read aloud, Johnny Tremain. This will set the students up for the beginning of our Constitution Unit immediately after Winter Break. The Constitution Test is currently planned for March 18, our focus in January though will be on the history around the Constitutional Convention, and the three branches of government in the US.

Math 7: In Math 7, we are starting to solve equations and inequalities. Students will use their knowledge of the order of operations and use them inversely to isolate a variable. Students will check their solutions, by substitution, to make sure they are correct. The skill of solving is a skill that extends far beyond this school year. Students will continue to solve equations in their 8th grade and high school math courses. Finally in this unit, students will represent the solutions to an inequality on a number line.

Compact Math: In Compact Math, we are finishing up our percentages unit. Students are currently working on determining tax, tip, discount, markup, and commission. We are then going to be focusing on percent change, percent error, and interest. Following our percentages unit, students will be working with linear functions. Students will be graphing linear functions using tables and equations. Students will also be provided with a table or graph and asked to write an equation to represent that relationship.

Science: In December, students in science will start to understand just how bacteria and viruses work as well as ways to prevent illness from occurring. After winter break students will be taking all of their knowledge about living things from the first semester and start applying it to larger topics in the second semester. The first major topic covered is Ecology where students will understand how ecosystems work and how living things interact with each other.

Encore Team News

As 2nd quarter comes to an end, Art students are working diligently to finish up their 1-point perspective drawings and clay projects. I look forward to seeing the final products as the drawings are turned in and the clay projects get fired. Keep an eye out for your child's work as it will be coming home soon!

As a reminder for incoming 3rd quarter students, you will need to bring pencils, colored pencils, an eraser, and an Ultra-Fine point black Sharpie for the work to be completed in Art.

I am looking forward to meeting the 6th grade students and reconnecting with the 7th graders!

~ Mr. Denman

Throughout the course of the quarter, seventh grade Computer Science students have been learning about different aspects of developing

code. From planning a program to debugging and wiring, the young coders are building skills that they will be able to use in any field post high school.

Recently, students programmed their micro: bits, also called microcontrollers, to output signals to LED's, Buzzers and Servos.

Falcon Athletics

2021 Winter I Sports (Boys' Basketball & Cheerleading)

Boys' Basketball and Cheerleading are wrapping up their successful seasons in the next couple of weeks. The last games of the season can be found on the PKMS 8to18 website. We want to wish both the basketball and cheerleading squads the best of luck as they compete in the NCJC Basketball Tournament, as well as the NCJC Cheer & Poms Competition that will be held on December 11th.

2021-2022 Winter II Sports (Wrestling, Girls' Basketball & Scholastic Bowl)

Wrestling- The Wrestling season is just beginning. Coach O'Donnell is excited to get things going. Practice will begin on **Monday, November 29th**. Practices are typically held from 3:00-5:00pm. Wrestling is one of the three sports that 6th graders are allowed to participate in. Any student interested in joining wrestling must have an 8to18 registration and an up-to-date physical (within one year) on file in the office prior to the start of the season. The \$100 athletic fee is due prior to the first competition. Any questions can be directed to Coach O'Donnell or the athletic director, Mr. Hamel. Upcoming competitions can be found on the PKMS 8to18 website under Wrestling.

***Mandatory Parent Meeting on Tuesday, November 30th @ 5pm.**

****Picture Day is Wednesday, January 12th during practice.**

Scholastic Bowl – The **PKMS/CMS Scholastic Bowl** team will have tryouts in early December and will be practicing once per week until competitions start in February. Coach Paulus and Coach Bender are looking forward to a great season. A list of their competitions can be found on the PKMS 8to18 website under Scholastic Bowl. Additionally, students must submit the \$35 fee before the first competition. Scholastic bowl is one of the activities that 6th graders are allowed to participate in. Scholastic Bowl picture are on Wednesday, January 12, 2022

Getting a little extra (warm) reading time after the Thanksgiving holiday.

1st Quarter 6th Grade Recognition Awards 21-22

Exemplary Effort Award Winners

Miguel Cerna Espinoza
Charlotte Godish
Johnny Hedlund
Anthony Herrera
Addison Hester
